

TELEVISIETOESTELLEN GESCHIKT VOOR GEBRUIK MET DE (HYBRIDE) SMART TV APP VAN CANAL DIGITAAL

Al deze toestellen en modelseries werken met de zenderlijst van Canal Digitaal (FASTSCAN) en bieden de mogelijkheid een CI- of CI+ module te plaatsen. Deze toestellen beschikken over een DVBS2-tuner om satelliet-tv en -radio te kunnen ontvangen.

Je kunt de gratis Canal Digitaal Smart TV App ook gebruiken zonder satelliet-signaal: de internetzenders uit je abonnement zijn dan alsnog beschikbaar, hetzelfde geldt voor de interactieve diensten die Canal Digitaal aanbiedt (Begin Gemist, TV Gemist, Video on Demand). In de kolom 'Hybride' kun je controleren of je met de Canal Digitaal Smart TV App op een toestel of modelserie zowel zenders via satelliet als via internet kunt bekijken.
